

PREPAGUM

Gum to prepare and preserve Offset Plates

DESCRIPTION

Processing and preserving gum, particularly suitable for long term store.

APLICATIONS

Very suitable for manual use.
Although it is possible for automatic processing equipment, we recommend a dilution 1:1 – 1:2.

PROPERTIES

With little tack to prevent sticking
Quick drying
Easy to recover

SPECIFICATIONS

Color	Green
pH	4,0
State	Liquid
Concentration	Max. dilution 1:2 (in processing equipment)

STORAGE

Do not expose to temperatures below 5°C or up to 35°C. Expiration 24 months for closed package and under correct temperature conditions.

PACKAGING

Box 20 L (4x5 L) / Drum 20 L

HOW TO USE

- 1 Dilute PREPAGUM according to characteristics of processing equipment and plates. Habitually between 1:1 and 1:2 in water.
- 2 For manual gumming we recommend not dilute PREPAGUM.
